

Dear Brothers and sisters,

This is a letter of warning on the upcoming AI and alien deception.

In recent times, prophetic voices like Dr. Kevin Zadai have sounded an alert regarding the impending **alien disclosure**—a governmental orchestrated spectacle aimed at causing shock, fear, and spiritual disorientation in the masses.

Dr. Kevin Zadai shares that the information about alien crafts and government deception was disclosed through secretly conducted interviews and by individuals involved in classified top-secret projects. The details they disclosed were done often on their death-beds, and are considered highly classified and were kept hidden from the public for decades.

The upcoming alien disclosure is engineered to trigger trauma, leaving believers vulnerable and spiritually unsteady.

It's a government project, don't fall for it.

We believe governments may deploy these deceptions to instill fear and dependence upon state authority; redirect spiritual allegiance away from Christ to a counterfeit agenda; and prepare a pathway for a unified global religious-political system.

The Bible warns that the enemy will use deception to blind and entrap humanity. (2 Corinthians 11:14–15, Galatians 1:6–7).

Taken from Immaculate Constellation - A Whistleblower Honors His Oath

- UFOs and UAPs exist and have existed for a while now
- Select few in world governments of all nations have known about this for quite a while now
- There is a separate, non-state, worldwide organization that doesn't know borders that gate keeps this information and hides it from both governments and the general public
- This information was kept back on purpose, but is being released slowly and being prepared for release to the general public with the purpose of creating and shaping a certain narrative.
- Item of interest: UFOs and UAPs seem to be attracted to nuclear sites, places where there are constant lightning strikes
- Of further interest to study for yourself: Bob Lazar and the author of Immaculate Constellation (Matthew Brown).

This information is not meant to scare believers, but to prepare everyone for what is to come. More and more people will come out and give evidence. However, keep in mind that the enemy

only has to include a very small lie alongside many truths in order to trick and deceive people. There will be scientists and other experts who are otherwise extremely credible, who will give you 90% truth. But they will add in 10% lies. That is what we're trying to warn you against.

The Truth Behind "Aliens": Human-Made, Time-Travelling Hybrids

What we know now, is from the studies done on the biologically modified bodies –“aliens”, from the Roswell incident - The crash of a flying disc discovered in New Mexico in 1947 where strange debris—metal fragments, rubber-like material was found at the crash site of a UFO.

At the time, the U.S. Army announced they had recovered a “flying disc.” To this day, much of the information remains classified. However, through some insider testimonies it was revealed that “alien” bodies were recovered from an escape pod near the crash site.

These so-called "aliens" are not extraterrestrial beings, but demonic inter-dimensional beings and in other cases- genetically engineered beings. ("alien"-human hybrids)

In this specific case, they have been identified as being *interbred hybrids*—part reptilian, part human—designed through advanced bioengineering. In the particular incident, they were identified as genetically altered children, with nationalities, and programmed like worker bees to pilot the advanced craft. Disturbingly, they did not seem to have a soul, and were designed to be a biological tool.

These creatures are **NOT** from other planets/outer space, but are **demonic inter-dimensional beings and/or human-made ("alien"-human hybrids)**. They exist on another dimensional plane (spiritual), and have the ability to travel in between our physical worlds and theirs. That is also how it appears that the "ships" they use, often seem to disappear. They can go in and out of the dimensional planes. This is exactly what the spirit realm is, a different dimension.

Their aircraft was found to be controlled through a fusion of mind and touch, using sensoric interfaces manipulated by their four fingers.

At some point, these creatures/beings will even be introduced to the general public. Keep in mind that when this happens information will be released that will be a combination of truth and well crafted lies, in order to fit a certain narrative. The purpose of this document is to make sure you can think for yourself to see the lies from the truth.

Interdimensional Realities

There is a scientific explanation behind all of this. The reality we live in is multi-dimensional. Jesus Himself operates in other dimensions, beyond our natural perception. This truth is explored in works like John DeSouza's book *The Extra-Dimensionals*.

These interdimensional realities, refer to **realms** beyond our visible 3D world (like spiritual dimensions, heaven, or other unseen realities). They coexist *alongside* ours but remain invisible or inaccessible under normal conditions.

For example, **Angels, demons, and even Jesus after resurrection operate inter-dimensionally** (appearing/disappearing, not bound by walls, time, or gravity).

A spiritual/ Biblical perspective

- A few brothers and sisters have had personal encounters or gotten revelations on these ‘aliens’. The alien technology (UFOs) have even been over people’s houses. But each and every time, the name of Jesus and the blood of Jesus stops them in their tracks no matter how advanced the technology is or seems to be. It is not for us as Christians to fear these things, but to know our authority in Christ Jesus who won it all and was given authority over ALL principalities, powers.
- Read Ephesians 6. Ephesians doesn’t go into details about principalities, powers, and the rulers of the world. It implies and is a hierarchy. There are fallen angels, and then the beings under them, and then beings and humans under them. The pilots of the UFOs/UAPs themselves seem to be beings created using fallen technology and other methods (artificial insemination, cloning, etc).
- Go back to the Bible and try to view the news and these events through the lens of what the Bible says the enemy’s goal is in the end times. Remember to always bring it to God. **Remember to ALWAYS cultivate your relationship with the Lord Jesus and God’s precious Holy Spirit. As this is the best Way to get the Truth and move through Life.**
- They will use this phenomenon to **explain events like the rapture away**. Brandon Biggs saw them descending on the earth in bright ‘alien craft’, (motherships and smaller ones) to try to deceive many. These are not ‘ET’ they are demonic in origin and fallen angel technology. Many people on earth will even try to communicate with them.

Hidden Research, False Miracles & Fallen Technology

These hybrid entities possess technology capable of negating gravity—used in their advanced aircraft. Though largely unknown to the public, this technology has been studied and developed in secret and may soon emerge as a new form of advanced innovation.

Secret facilities exist where governments and covert entities conduct experiments using the bodies and technology of these non-human hybrids. The knowledge gleaned from these studies is then integrated into present-day technology, and further, used in human experiments.

This pattern mirrors past advancements—for example, the jet ejection technology used by these so-called “aliens” in the 1940s was unknown to the public then, but today it closely resembles the advanced fighter jets seen in *Top Gun*-style aircraft.

- The enemy has technology that has yet to be revealed to the public. That includes technology that would make it seem like someone has been raised from the dead.
- AI is the other thing. The AI that we see already released to the general public is a far cry from the cutting edge AI that they have access to.
- A lot of the advances humankind made have come from fallen angels. Including our electronic revolution and AI.

Their existence appears to be tied to our past, present, and future.

Since these beings are capable of traveling at the speed of light through advanced technology—and possibly crossing into timelines unknown to us—evidence suggests their presence is deeply intertwined with humanity’s ancient history.

- For example, *ancient civilizations* are believed to have possessed technology capable of negating gravity, which may have been used in constructing structures like the pyramids. This extraordinary ability gave these beings the appearance of divine power, leading early societies to revere and worship them as “gods.”

Contrary to what was taught in school, ancient civilizations were not as technologically backward as we think.

However, I also want to caution against thinking that the Egyptians were more advanced than us. We are living in the time of history where the limits are being removed from the enemy in order to prepare for the Tribulation and the AC, which means we are living in the most advanced time in human history.

- ***Nazi-Era Research***

In more recent history, during the Nazi era, it is known that many secret scientific researches were conducted. In their pursuit of forbidden knowledge, the regime enlisted witches and occult practitioners to assist in dark, spiritual and human experiments. These efforts laid the groundwork for covert projects that continue to echo into our present time. This is just one of the examples in history.

A warning for what is to come and why are we telling you this.

Throughout history, many dark operations have been carried out behind closed doors—hidden from the eyes of the public. As certain governments begin to release information, this document is intended to prepare our minds so that we are not overwhelmed or thrown into disbelief. These long-hidden projects will be presented, possibly, under the narrative of “alien contact,” designed

to stir confusion and chaos among both believers and unbelievers. But in reality, this is a thoroughly orchestrated agenda—carefully developed and concealed over the course of history.

How AI will be tied into the Rise of the Beast System and What to be aware of :

In our time, the AI robotic entities represent the next phase: demonic spirits gaining the ability to manifest physically through artificial intelligence and synthetic bodies. This will form part of the prophesied "beast system" of the end times.

Caution against AI (courtesy of Brandon Biggs)

- Digital Seduction
AI-generated images, voices, or entities—programmed to mimic divinity—may be introduced as proof of alien presence or spiritual awakening.
- AI is a tool. When used for good, it can do quite a lot of good. But the source behind AI is demonic.
- AI will be used in the coming days to find cures to many diseases. It will be used to make many advances. And this will gain people's trust before AI ultimately turns to be used for evil.
- People will no longer ask questions of the Holy Spirit, but will instead depend entirely on AI. Even Christians, especially lukewarm and unprepared Christians.
- This is not saying not to use AI at all. AI will also be used by God in these last days to spread His word. But, a Christian must have discernment and not replace God with AI. It is a tool, just like money is a tool.

Conclusion:

What should Christians do, to prepare for the incoming deception?

Always take everything before the Lord in prayer and ask for wisdom and discernment, and trust the Holy Spirit to lead you into truth.

- Always ask questions. The Bible even calls us to 'test everything'. Do not accept anything just as it is presented to you.
- DYOR (Do Your Own Research). Learn how to research things for yourself.

- Filter everything in the news through the lens of the Bible and Biblical perspectives. Think about what possible purpose a piece of information, or a story being told to you can achieve.

More things to take note of :

Be Mindful of What You Put in Your Body

In these times of increasing deception, it is especially important to discern what we eat, drink, and even accept through medicine or technology. What we consume—physically and spiritually—can either sanctify or defile us.

- Be very careful of processed food and drinks.
- Liquid Death (the energy drink) is thought to be literally cursed before it is packaged and sold to the masses. Everyone who drinks these energy drinks, etc dulls their spiritual senses. It makes it easier for the enemy to control. (Bible verse: the enemy has blinded the eyes of those who are in the world) ‘The god of this age has blinded the minds of unbelievers, so that they cannot see the light of the gospel that displays the glory of Christ, who is the image of God.’ -2 Corinthians 4:4

Sources: Several Christian brothers and sisters.

We encourage you to always remain vigilant and watchful, as the Word of God commands. Of course, take this information as well and confirm for yourselves. Test everything.

We are the saints

Extra extra credit: Tips to help detect AI Deepfakes

- Pay attention to the face. High-end DeepFake manipulations are almost always facial transformations.
- Pay attention to the cheeks and forehead. Does the skin appear too smooth or too wrinkly? Is the agedness of the skin similar to the agedness of the hair and eyes? DeepFakes may be incongruent on some dimensions.
- Pay attention to the eyes and eyebrows. Do shadows appear in places that you would expect? DeepFakes may fail to fully represent the natural physics of a scene.
- Pay attention to the glasses. Is there any glare? Is there too much glare? Does the angle of the glare change when the person moves? Once again, DeepFakes may fail to fully represent the natural physics of lighting.
- Pay attention to the facial hair or lack thereof. Does this facial hair look real? DeepFakes might add or remove a mustache, sideburns, or beard. But, DeepFakes may fail to make facial hair transformations fully natural.
- Pay attention to facial moles. Does the mole look real?
- Pay attention to blinking. Does the person blink enough or too much?
- Pay attention to the lip movements. Some deepfakes are based on lip syncing. Do the lip movements look natural?

More insight into who these aliens are, how they operate, and government's role in it.

(The following presented information coincides among many believers/people & research. Some of the information was revealed to our brothers & sisters by the Lord)

These creatures are **NOT from other planets/outer space**, but are **demonic inter-dimensional beings and/or human-made ("alien"-human hybrids)**. They exist on another dimensional plane (spiritual), and have the ability to travel in between our physical worlds and theirs. That is also how it appears that the "ships" they use, often seem to disappear. They can go in and out of the dimensional planes. This is exactly what the spirit realm is, a different dimension. These beings operate underground, under the sea, inside volcanoes, and even in the sky.

Their group of "alien" beings is made of more species and they have a hierarchy too. It is made of Mantis; greys (grey-looking alien being), reptile-looking beings and others. There are also male and female aliens that resemble humans.

How do they interact with humans and why?

Ask yourself what is **Satan's** goal in all of this?

- ❖ Their existence can be traced back to the days of Noah when the fallen angels engaged with the women in earth and corrupted the DNA in the bloodlines. They are still trying to do this but in different ways, including technology. They want to corrupt all flesh to try to force God to destroy humans again, or with the hopes that people will not be able to enter heaven. **But Jesus defeated all of that. We can be born again through his bloodline once we receive him as our Savior and confess our sin. We are made new and adopted into the pure bloodline.**
- ❖ Their purpose is to prepare for a **post-Rapture deception**, to promote **New Age ideologies and deny the existence of a Creator**—taking that place for themselves.
- ❖ **They've already joined hands with governments**, helping to develop militaries and AI. When the government will release this information to the public, they will release both truth and **disinformation** to confuse the public, planning to deceive people, take away their hope and faith that they put in Jesus Christ, prevent more souls from getting saved and corrupt the humans' flesh, ultimately bringing chaos and destruction.

- ❖ The government will start revealing them through the news, saying that these beings – “aliens and UFO’s” are real and care about Earth’s environment, and that they are more intelligent and advanced than humans.
- ❖ These demonic creatures - will deceive people by taking on roles of both good and bad aliens. The government plans to use this to push **global unification**.
- ❖ Using these creatures’ help, the government plans to establish a **new world order** through a **fake global event** involving an **orchestrated/fake alien invasion or the appearance of a “higher being”**, also while using advanced technology (AI). Using AI robots/technology is going to be a major way for them to have a physical host, to possess and dwell in this world. Ultimately, the "universal messiah" figure could be introduced to bring the “fake” peace.

How do they appear to people?

Many people have testified to experiencing the same things—**DNA and other human experiments**, the **brainwashing (or programming) of children**, **hybrid breeding**, **physical experimentation**, and inducing **trauma**, followed by memory erasure.

- ❖ Through **sleep paralysis and astral projection**, they abduct people—especially children—to show them false media in dreams or inject information into their minds subconsciously.

It is important to know that **when rebuked in Jesus’ name, they disappear.**

- ❖ It also seems that people can see these beings through the use of **drugs, anesthesia, or hallucinogens**, such as **ayahuasca, LSD, magic mushrooms** or through meditation/ practicing of yoga.
- ❖ When appearing to people, they appear pretending to be the creator and entrancing people by giving them insights into the future or other things only a “higher” being would know. **They can also disguise themselves appearing, as an Angel of light.** These beings, don’t want to be perceived as a threat, but instead claim to want to help humans.
- ❖ They make growling noises, snake-like hissing sounds, and clicking sounds like sharp snaps but can communicate telepathically.

- ❖ They also **abduct people to create hybrids** between humans and aliens, and it seems, these alien-human born children, don't have a soul, so they often abduct people during sleep paralysis to use them in helping educate, and take care of the hybrid children.
- ❖ Those who engage in **occultism or Satan worship** seem to give these demonic beings - "aliens" the right to possess them and their descendants, also if an ancestor was **involved in the occult or witchcraft**, it seems like these beings have the right to abduct their descendants as well, and it also appears to be connected to DNA.
